How to Use the Cal Long Term Care Compare Website

www.callongtermcarecompare.org

Cal Long Term Care **Compare**

NAVIGATING THE WEBSITE

Follow the instructions below to search and compare nursing homes, home health or hospice providers in your area.

- To search for care providers in your area, visit the Home Page and use the drop down menu to select the type of care and type in the zip code, city, or name of the provider.
- Your results will appear on the left-hand side of your screen. Select the provider and review the "At a Glance" section to learn more about the facility and performance on key metrics such as staffing and vaccination rates. Select the (?) and (+) signs to learn more about the measure collected and to access additional details by category.
- By selecting Save Provider, your selected care provider will be saved under My Saved Providers for future reference. **You can save up to six providers at a time.
- To compare providers you have saved and view them side by side, select My Saved Providers and click on Compare Providers.
- Above Save Provider, there is an option to save your selections in a PDF file, print the page, or share the link to the page via email.
- You may return to the search results to research, save and compare other care providers.

Click here to access the website and start your search.

CHOOSE THE RIGHT CARE

Cal Long Term Care Compare makes it easy for individuals and caregivers to start the process of selecting the care that is right for them. The free website offers an unbiased one-stop snapshot of how local care providers measure up against each other and to statewide averages on a variety of quality metrics.
